FOREST RIVER
MARINE

[SOUTHBAYPONTON.COM](https://southbaypontoon.com)

A grayscale photograph of a woman in the water reaching up towards a boat. Two young children are on the boat. The background shows a body of water and a distant shoreline. The text 'South Bay' is written in a cursive font at the top left.

South Bay

LIVE THE SOUTH BAY LIFE

Nothing is more valuable than making memories with family and friends. We don't just build boats — we create moments waiting to happen, stories ready to be written, and backdrops for cherished traditions.

FOREST RIVER

A Berkshire Hathaway Company

BUILT AND BACKED BY FOREST RIVER

Founded in 1996 by Pete Liegl, Forest River, Inc. has evolved into North America's largest manufacturer of recreational vehicles, cargo trailers, pontoon boats, and commercial vehicles including buses, vans, and trucks. Its portfolio includes market share leaders in every category, and it is the country's leading manufacturer of buses and vans for both the private and public sectors. Based in Elkhart, Indiana, Forest River employs 14,000+ employees in 100+ facilities in more than a half dozen states. With a commitment to excellence and a focus on customer satisfaction, Forest River is proud to be a Berkshire Hathaway company.

NEVER STOP GOING.™

FORESTRIVERINC.COM

QUALITY YOU CAN TRUST

Forest River Marine is committed to building the best pontoon boat on the market, accompanied by our 7-year transferable warranty. We provide our customers with a level of trust and confidence by standing behind our product.

ENGINE PACKAGES

MERCURY

Mercury mainline engines deliver unmatched performance, reliability, and fuel efficiency for every boating adventure. Engineered with advanced technology, Mercury outboards provide quiet operation, smooth handling, and exceptional power-to-weight ratios.

MERCURY RACING

Mercury Racing delivers uncompromising power and performance for those who live wide open. Built without boundaries, every engine is engineered for speed, precision, and control. Where others see limits, Mercury Racing creates opportunity and fuels freedom on the water.

SUZUKI

Suzuki outboard engines are built for boaters who demand quiet, efficient, and reliable performance. From weekend cruising to serious offshore runs, Suzuki outboards combine smart innovation with proven power—so you can go further, with confidence.

YAMAHA

Yamaha outboard engines are built on decades of proven reliability, delivering smooth power, durability, and performance you can trust season after season. What Yamaha delivers can't be measured in horsepower or RPM; it's legendary reliability that carries a legacy forward.

HONDA

Honda outboard engines are built with automotive-grade engineering to deliver smooth, quiet performance and outstanding fuel efficiency. From easy starting to clean operation, every Honda is designed to go the distance so you can enjoy more time on the water.

PERFORMANCE PACKAGES

3.0+

Engineered for serious performance, this chassis is crafted with 0.125" thick aluminum on the last two sections of the toons, reinforcing key stress points for superior durability. Built for those who demand more from their boat, it powers through tough waters with confidence and ease.

3.0

Navigate with new found confidence and effortless agility, while indulging in the seamless convenience and flexibility of this advanced package.

2.75

For pontoon owners seeking a remarkable tri-toon experience, this chassis delivers exceptional stability and performance in a compact design – fueling your confidence and excitement with every nautical adventure.

2.0

Designed for serenity on the water, our expertly crafted chassis delivers unmatched comfort, stability, and ease – perfect for everything from active water adventures to a peaceful sunset cruise.

COMPOSITE DECKING

2X STRONGER AND 40% LIGHTER THAN INDUSTRY STANDARD MARINE GRADE PLYWOOD

Unlike traditional plywood decks that absorb moisture and deteriorate over time, our Z42 Composite Deck is engineered as a seamless, one-piece structure for maximum integrity. This superior design prevents water intrusion, mold growth, and rot, ensuring a clean, stable, and worry-free foundation that enhances the longevity and performance of your boat.

WEATHER & FADE RESISTANT FLOORING

We use marine grade vinyl that gives protection from ultraviolet (UV) rays from the sun. This ensures longevity and resistance to color fading.

INTEGRATED DECK TRIM & RUB RAIL

No glue, no worries. Trim won't detach due to failing adhesives.

CONTINUOUS RISER BRACKET

We weld our risers directly to the tubes for the strongest and most rigid chassis structure available.

PRESSURIZED TUBES

Air pressure increases the rigidity and durability of pontoons. Our design features a standard Schrader valve for quick maintenance and serviceability.

52-INCH NOSE CONE

You'll notice an instant increase in acceleration by the ability to get on plane faster.

MULTI-POINT REINFORCED SPLASH FINS

Say goodbye to splashback. It's standard on every Forest River Marine boat - because quality shouldn't be an upsell.

STRONGER BONDED BOLT THROUGH METHOD

Screwed, glued, and bolted. Built to stay solid for years beyond traditional methods.

CONTINUOUS BOW

Constructed of C-channel and box channel tubing, resulting in the strongest bow on the market.

The National Marine Manufacturers Association (NMMA) is the leading trade organization for the North American recreational boating industry with its member companies producing approximately 85% of the boats, engines, trailers, marine accessories and gear used by millions of boaters. The association serves its members by bringing them together to expand domestic and international sales and marketing opportunities, support access to waterways, explore new technology and business solutions, and ensure a sustainable future for the recreational marine community.

All information shown is believed to be accurate at the time of publication. However, during any model year, it may be necessary to make changes to the manufacturing process of the units and information shown. Your unit may differ from the information shown due to any changes in the manufacturing process and equipment. Forest River Inc. reserves the right to make all such changes without notice, including prices, colors, combinations, materials, equipment, and specifications of any model as well as the addition of new models and discontinuance of models shown. Therefore, please consult with your Forest River dealer and confirm the availability of any materials, combinations, designs, or specifications that are meaningful to your purchase decision.
